March 31, 1869	Sutton Room – 28 feet 6 inches wide, 48 feet long, 22 feet high. Ceiling frescoed being done in nicely contrasted mode colors and gilt. (Archaic form of mode - Pertaining to the Ionic order of architecture, one of the three orders invented by the Greeks, and one of the five recognized by the Italian writers of the sixteenth century. Its distinguishing feature is a capital with spiral volutes.) Shelving to height of 8 feet. Drapery of dark maroon was original background of Eben Dale's portrait which was by A. Hartwell of Boston. Room furnished with center chandelier and side brackets with massive patterns in bronze. Floor covered with Brussels carpet (Brussels carpet has a warp and weft of linen, with a pile of worsted yarn drawn into loops by means of wires. It is called three-, four-, or five-frame, depending on the number of bobbins carrying different-colored warp threads, which make the pattern. Tapestry Brussels is an inexpensive single-frame sort, either yarn printed or piece printed.) Furnishings cost \$13,000. Woodwork, bookcases designed by Sargent, built by Messrs. Clark and	Peabody Press	Yes

	Giddings (Edward Giddings of Walnut St. and Mayhew S. Clark of Wallis St.) Painting and frescoing done by W. J. Macpherson and tables, chairs and other furniture by H. A. Turner & Co. of Boston.
